

Service Delivery & Budget Implementation Plan (SDBIP)
2018/19 Financial Year

TOP-LAYER SDBIP

Fezile Dabi District Municipality

Service Delivery & Budget Implementation Plan – 2018/19

1. INTRODUCTION

Fezile Dabi District Municipality is a Category C municipality established in terms of the Free State Provincial Notice 113 of 28 September 2000. It was formerly known as the Northern Free State District Municipality and consists of four local municipalities: Mophaka, Metsimaholo, Ngwathe and Mafube. The name was officially changed to Fezile Dabi District Municipality on the 3rd of May 2005.

For the 2018/19 financial year, the municipality prepared its Integrated Development Plan (IDP) in line with sections 34, 24(1), 24(2) and 24(3) of Municipal Systems Act 32 of 2000 as amended. The IDP serves as the principal strategic planning document of the municipality which guides other planning and development initiatives of the municipality and forms the policy framework and general basis on which annual budgets must be based. The municipality's Five Year Draft IDP for 2018/19 - 2022/23 was noted by council on 27 March 2018 together with the 2018/19 Draft Medium Term Revenue and Expenditure Framework (MTREF).

The approval of the Five Year IDP and MTREF for 2018/19 – 2022/23 therefore give effect to the development of this Draft Service Delivery and Budget Implementation Plan (SDBIP) in accordance with section 1 and section 53(1)(c)(ii) of Municipal Finance Management Act 56 of 2003 (MFMA).

2. OUR VISION

"Fezile Dabi District Municipality strives to be a leading Municipality in delivering effective, affordable and sustainable quality service to its communities".

3. OUR MISSION

In order to achieve the set vision of the municipality, the following mission statements have been identified:

- a) Promoting proper planning and implementation of projects and programmes;
- b) Setting standards;
- c) Being accountable;
- d) Communication;
- e) Capacity building of staff and communities;
- f) Having proper systems and processes; and
- g) Ensuring a sustainable, affordable and effective service delivery.

4. DEFINITION OF SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN (SDBIP)

Section 1 of the MFMA defines the SDBIP as follows:

“a detailed plan approved by the mayor of a municipality in terms of section 53(1)(c)(ii) for implementing the municipality’s delivery of services and the execution of its annual budget and which must include the following:

- (a) projections for each month of:
 - i. revenue to be collected by source; and*
 - ii. operational and capital expenditure, by vote;**
- (b) service delivery targets and performance indicators for each quarter*
- (c) Any other matters that may be prescribed, and includes any revisions of such plan by the mayor in terms of section 54(1)(c)”*

5. FRAMEWORK OF THE MUNICIPALITY’S THE SDBIP

The development of SDBIP is a requirement under MFMA. The SDBIP is a layered plan, with the top layer of the plan dealing with consolidated service delivery targets and in-year deadlines, and linking such targets to top management and the lower layer consisting of all the appropriate SDBIP supporting documentation. Only the top layer of the municipality’s SDBIP is tabled to Council and published as the SDBIP of the municipality.

Once the top-layer targets are set, the top management is then expected to develop the next (lower) layer of detail of the SDBIP, by providing more detail on each output for which they are responsible, and breaking up such outputs into smaller outputs and linking these to each middle-level and junior manager. The lower layer details will not be made public nor tabled in council – whilst the municipal manager has access to such lower layer detail of the SDBIP, it will largely only be the senior manager in charge who will be using such detail to hold middle-level and junior-level managers responsible for various components of the service delivery plan and targets of the municipality. Such high-level information should, where appropriate, also include per ward information, particularly for key expenditure items on capital projects and service delivery.

The following are the important provisions of MFMA that must be taken into account in guiding the development of the municipality’s SDBIP:

Subsection 53 (1)(a): The Mayor of a municipality must provide general political guidance over the budget process and the priorities that must guide the preparation of a budget;

Fezile Dabi District Municipality

Service Delivery & Budget Implementation Plan – 2018/19

Subsection 53(1)(b): The Mayor of a municipality must co-ordinate the annual revision of the integrated development plan in terms of section 34 of the Municipal Systems Act and the preparation of the annual budget, and determine how the integrated development plan is to be taken into account or revised for the purposes of the budget; and

Subsection 53(1)(c): The Mayor of a municipality must take all reasonable steps to ensure:

- (ii) that the municipality approves its annual budget before the start of the budget year;
- (iii) that the municipality's service delivery and budget implementation plan is approved by the mayor within 28 days after the approval of the budget.

Subsection 53(1)(c)(iii): the Mayor must take all reasonable steps to ensure to ensure that the annual performance agreements as required in terms of section 57(1)(b) of the Municipal Systems Act for the municipal manager and all senior managers:

- a) comply with this Act in order to promote sound financial management;
- b) are linked to the measurable performance objectives approved with the budget and to the service delivery and budget implementation plan (SDBIP); and
- c) are concluded in accordance with section 57(2) of the Municipal Systems Act.

Section 53(2): the Mayor must promptly report to the Municipal Council and the MEC for finance in the province any delay in:

- a) the tabling of an annual budget,
- b) the approval of the SDBIP; or
- c) the signing of the annual performance agreements of the Municipal Manager and senior managers.

Being a management and implementation plan and not a policy document, the SDBIP is not required to be approved by the Council. It is however tabled before Council and made public for information and monitoring purposes.

6. COMPONENTS OF THE TOP-LAYER SDBIP

In terms of National Treasury: MFMA Circular 13, the top-layer SDBIP should include the following information:

- (a) Monthly projections of revenue to be collected for each source
- (b) Monthly projections of expenditure (operating and capital) and revenue for each vote
- (c) Quarterly projections of service delivery targets and performance indicators for each vote
- (d) Ward information for expenditure and service delivery
- (e) Detailed capital works plan broken down by ward over three years

7. THE SDBIP CONCEPT AT FEZILE DABI DISTRICT MUNICIPALITY

7.1 The SDBIP as a Management & Implementation Tool

The SDBIP is a management and implementation tool which outlines in-year performance information, such as quarterly service delivery and monthly budget targets, and links each service delivery output to the budget of the municipality, thus providing credible management information and a detailed plan for how the municipality will provide such services and the inputs and financial resources to be used.

The SDBIP indicates the responsibilities and outputs of each of the operational departments of the municipality, the inputs to be used, and the time deadlines for each output. The SDBIP therefore determines the performance agreements of the municipal manager and senior managers, including the outputs and deadlines for which they will be held responsible.

The SDBIP should be seen as a dynamic document that may (at lower layers of the plan) be continually revised by the Municipal Manager and other senior managers, as actual performance after each month or quarter is taken into account. However, the top-layer of the SDBIP and its targets cannot be revised without notifying the Council, and if there is to be changes in service delivery targets and performance indicators, this must be with the approval of the Council, following approval of an adjustments budget as required by section 54(1)(c) of MFMA.

7.2 The SDBIP as a Monitoring Tool

In terms of section 53(2) of MFMA, the Mayor must ensure that:

- (a) that the revenue and expenditure projections for each month and the service delivery targets and performance indicators for each quarter, as set out in the SDBIP, are made public no later than 14 days after the approval of the SDBIP; and
- (b) that the performance agreements of the municipal manager, senior managers and any other categories of officials as may be prescribed, are made public no later than 14 days after the approval of the municipality's SDBIP. Copies of such performance agreements must be submitted to the Council and the MEC for local government in the province.

The above stipulated legislative requirements therefore serves as the mechanism to ensure that the SDBIP becomes a vital monitoring tool for the mayor and council to monitor in-year performance of the municipal manager and for the municipal manager to monitor the performance of all managers in the municipality within the financial year. This enables the mayor and municipal manager to be pro-active and take remedial steps in the event of poor performance.

As a monitoring tool, the SDBIP also empowers manager to be pro-active problem-solvers, who routinely look out for unanticipated problems and resolve them as soon as possible. The SDBIP also enables the council to monitor and oversee the performance of the municipality against quarterly targets on service delivery.

7.3 Linking the SDBIP and the Budget

As contained in this plan, the departmental performance objective and targets are based on the initial revenue and expenditure projections prepared as per the approved budget. These revenue and expenditure projections were prepared taking into account the strategic direction and priorities as set out in the IDP.

Reference was also made to the 2017/18 in-year reports and as well as 2016/17 draft annual report in reviewing the entity's IDP and the Budget and consequently this SDBIP is an effort to review any existing weaknesses or risks to achieving the desired service delivery outcomes.

Fezile Dabi District Municipality

Service Delivery & Budget Implementation Plan – 2018/19

The objectives, goals and targets and as set out in this SDBIP are therefore appropriately linked to specific programmes of the municipality as informed by the IDP and are fully funded.

7.2 Budget Implementation

Section 69 of MFMA stipulates that the Accounting Officer of a municipality is responsible for implementing the municipality's approved budget, including taking all reasonable steps to ensure:

- a) that the spending of funds is in accordance with the budget and is reduced as necessary when revenue is anticipated to be less than projected in the budget or in the service delivery and budget implementation plan; and
- b) that revenue and expenditure are properly monitored.

Subsection (2) further stipulates that when necessary, the Accounting Officer must prepare an adjustments budget and submit it to the Mayor for consideration and tabling in the municipal council.

The Accounting Officer must no later than 14 days after the approval of an annual budget submit to the mayor:

- a) a draft service delivery and budget implementation plan for the budget year; and
- b) drafts of the annual performance agreements as required in terms of section 57(1)(b) of the Municipal Systems Act for the municipal manager and all senior managers.

8. SDBIP REPORTING

Being a start-of-year planning and target tool, the SDBIP gives meaning to both in-year reporting and end-of-year annual reporting. The in-year service delivery and budget implementation plan reporting of the municipality consists of the following:

Monthly reporting: Section 71(1)(c),(d) and (f) of MFMA monthly report requires reporting against such monthly projections in the SDBIP.

Mid-term reporting: Section 72(1)(a) of MFMA requires that the Municipal Manager must assess the performance of the municipality during the first half of the financial year, taking into account:

- (i) the monthly statements referred to in section 71 for the first half of the financial year;

Fezile Dabi District Municipality

Service Delivery & Budget Implementation Plan – 2018/19

- (ii) the municipality's service delivery performance during the first half of the financial year, and the service delivery targets and performance indicators set in the service delivery and budget implementation plan;
- (iii) the past year's annual report, and progress on resolving problems identified in the annual report; and
- (iv) the performance of every municipal entity under the sole or shared control of the municipality, taking into account reports in terms of section 88 from any such entities.

Annual Reporting: The annual report must include an assessment by the Municipal Manager of performance against the measurable performance objectives approved in the budget, and contained in the SDBIP and annual performance agreements, including service delivery targets and other performance indicators.

**Component 1:
Monthly Projections of Revenue by Source**

Fezile Dabi District Municipality

Service Delivery & Budget Implementation Plan – 2018/19

The revenue projections as detailed hereunder relate to realistically anticipated revenue for the period 2018/19 and include both operating and capital grants and subsidies as external sources. The total anticipated revenue for the period is estimated at R 157.6 million, of which R 147.8 constitutes revenue from grants:

Table1: Monthly Projected Revenue by Source

Source	Period												Total
	18-Jul	18-Aug	18-Sep	18-Oct	18-Nov	18-Dec	19-Jan	19-Feb	19-Mar	19-Apr	19-May	19-Jun	
	R'000	R'000	R'000	R'000	R'000	R'000	R'000	R'000	R'000	R'000	R'000	R'000	
Investment Revenue	2033333				2033333			0	2033334				6100000
Operating Grants & Subsidies			49251333					49251333		49251333			147754000
Other Own Revenue	153750			153750			153750		0	153750			615000
Total by Source	2187083	0	49251333	153750	2033333	0	153750	49251333	2033334	49405083	0	0	154469000

The total monthly projected revenue by source is also depicted below on the figure. As is can be deduced from the chart below, 96% of the municipality's revenue is derived from government grants and subsidies.

Figure1: Total Projected Revenue by Source – 2018/19

**Component 2:
Monthly Projections of Expenditure & Revenue for each Vote**

Fezile Dabi District Municipality

Service Delivery & Budget Implementation Plan – 2018/19

The expenditure projections as detailed hereunder will be funded from the revenue projections as detailed above. The total projected expenditure for the period amount to R 157.6 million. R 154.7 million of this is budgeted for operations and R 2.9 million for capital expenditure.
